

Sunday school at San Gabriel Episcopal Church is filled with fun activities for children. Every Sunday from 11:15-12:15 children walk in ready to learn bible content, including all about God creating the world, Adam and Eve, Noah and the Ark, The Story of Joseph, Baby Moses in the River, and many more. Activities are always tied into a children's bible lesson. The child's developmental level is taken into consideration when activities are provided. Modifications are made for younger participants and as needed. There are exciting activities planned for holidays and special events. Our mission is to provide a caring and compassionate place for children to learn together.
